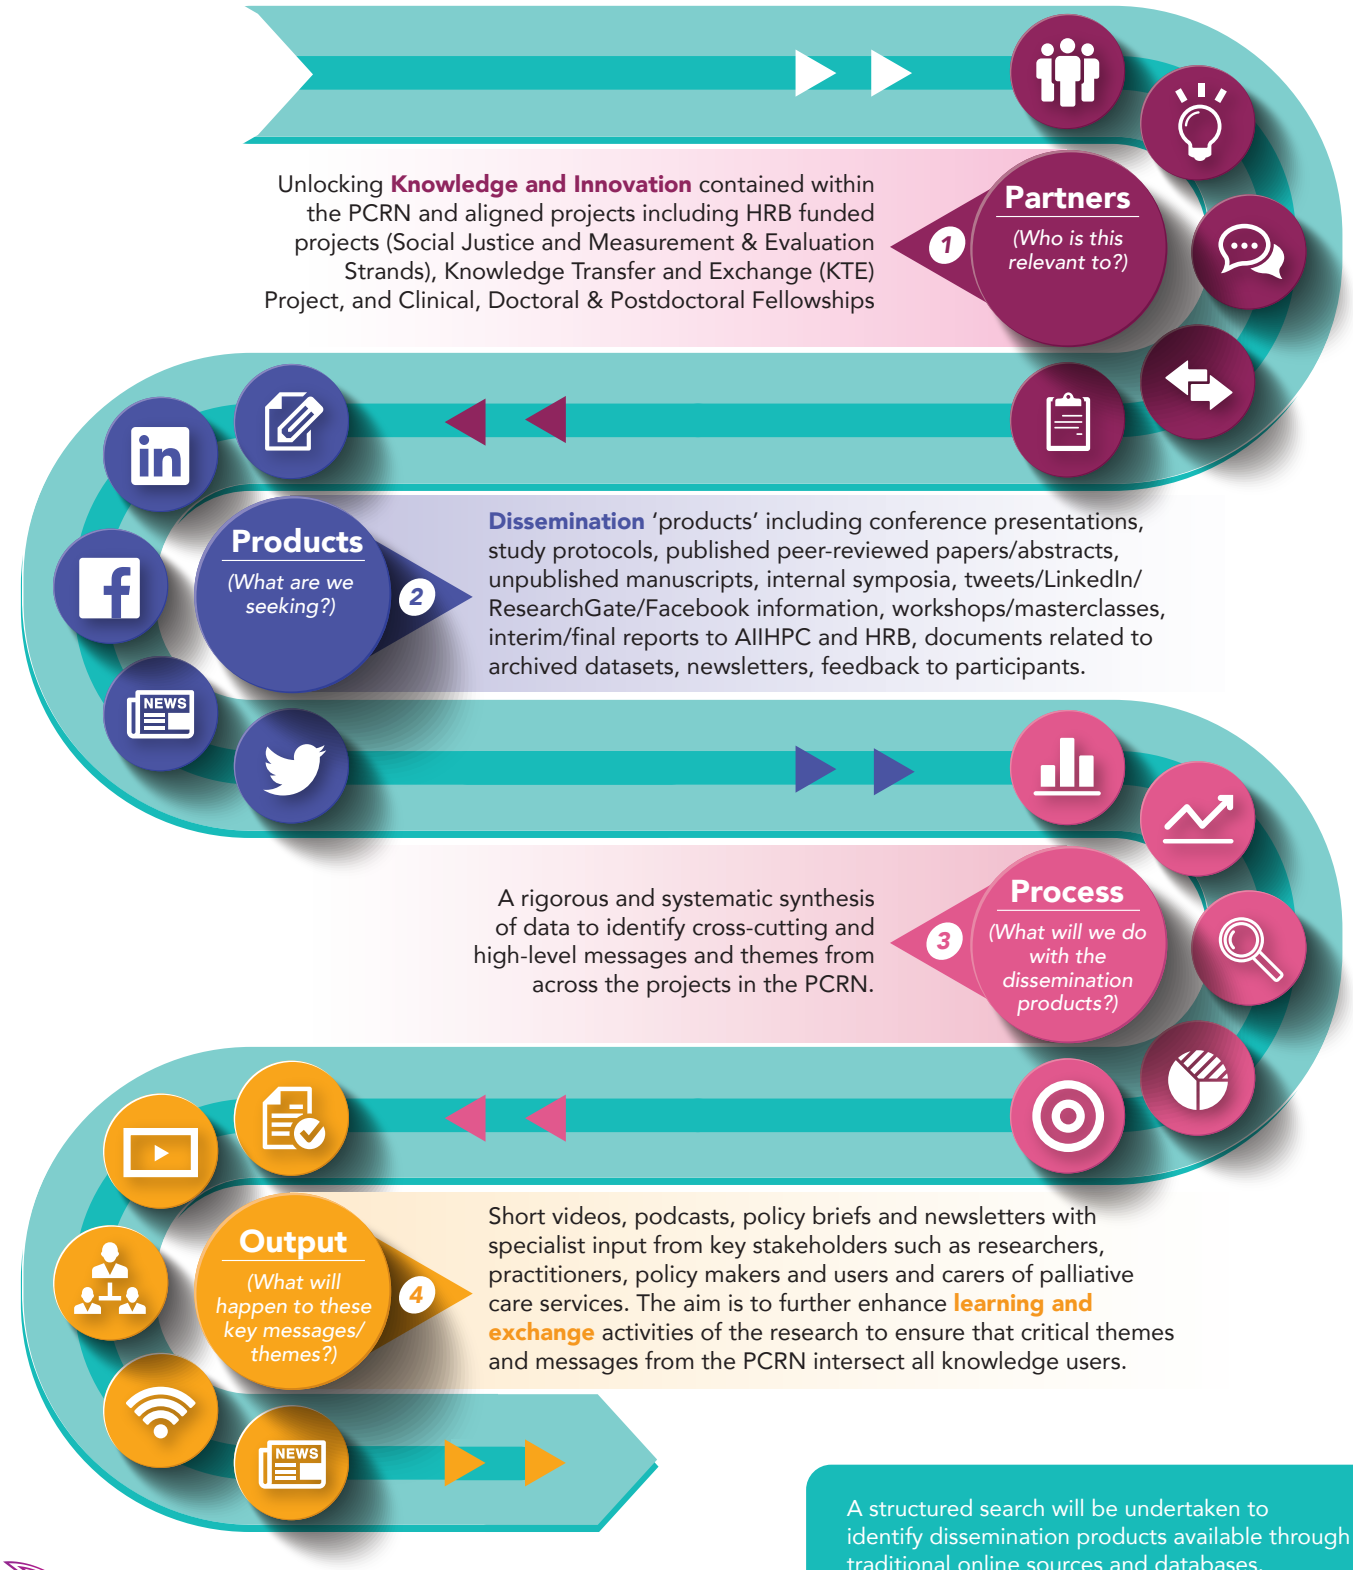
Project Background: In 2015, the Health Research Board (HRB) awarded AIIHPC funding under the knowledge exchange and dissemination scheme (KEDS) as a means to enhance knowledge transfer activities and increase the impact of the projects in the Palliative Care Research Network (PCRN). This project was initiated in December 2015.

Project team includes Dr Emma Nicholson AIIHPC (Project Manager), Dr Tara Murphy AIIHPC and Dr Suzanne Guerin UCD/AIIHPC (Project Co-Leads).



A structured search will be undertaken to identify dissemination products available through traditional online sources and databases.
